

Office 365 Business Premium

GoDaddy™

The Office you know, plus powerful small business apps and tools to help you save time and be more productive.

Office 365 Business Premium includes:

- Professional email: Email that matches your domain name, with 50GB of storage.
- Office Suite: Always have the latest versions of Word, Excel, Outlook and more.
- Office across all your devices: Office applications across all your devices—PC/Mac, tablet or phone—for anytime, anywhere access.

PLUS these Small Business apps to help you save time and be more productive:

Invoices. Create invoices and estimates. Integrates with popular payment systems so you get paid fast and third party software to track every dollar coming in.

Bookings. An easy way to schedule appointments. Customers can view availability and book appointments online, and you both get confirmations and reminders.

Outlook Customer Manager. A simple, smart customer management solution made for small businesses—right within Outlook.

MileIQ. Track miles on your mobile device. One-swipe classification, auto drive detection, mileage logging, and reports for tax deduction or mileage reimbursement.

StaffHub. An app designed to enable staff workers and their managers to manage time, communicate with their teams, and share content.

Teams. Collaborate with colleagues via chat, web meetings, calls, screen share or document collaboration.
