Try QuickBooks Point of Sale Desktop 12.0 for **30% less.**

In short: Do it before April 25. (This offer won't last long.)

We call it "12.0."

Because

"10x faster start-up' with new multi-tasking and credit card processing capabilities and short-cuts that enable you to run your entire shop faster"
was a little long.

Introducing the next generation of
QuickBooks Point of Sale Desktop.

Upgrade today.

Use the hardware you have. Get the software you've asked for. You'll shorten the distance between "to do" and "done." **At 30% off.**

From start-up to end-of-day, it's faster.

10x faster startup¹ plus faster item selection and customer look-up...*and* it toggles between tasks.

It's ready for next-generation credit cards.

"EMV Chip Card-ready" means *you're* ready for higher credit card security standards.²

Smarter short-cuts, faster transactions.

Manages sales, inventory, vendors, employees, customers—and reports—in no time.

Integrates with QuickBooks.³ Better than ever.

Automatic payment reconciliation⁴ matches your transactions with deposits. Done.

**OFFER
ENDS
4/25/15**

Get more out of your day. For 30% less.⁵

Call 1-800-479-7321 and mention offer code **Get30**.
